Dear Mr. Johnson:

This letter is in support of Northwalke's application to the Connecticut Trust for Historic Preservation's Historic Preservation Technical Assistance Grant (HPTAG) program for *Wall Street Scrapbooks*.

The section of the Wall Street area east of the Norwalk River is within the boundaries of the Eastern Norwalk Neighborhood Association.

As you know, our organization is a participant and collaborator in the project, and believes strongly in its purpose, i.e. to provide an authoritative picture of the area's pre-flood environment prior to the community in advance of the permitting process for the many redevelopment projects planned in this historically sensitive area. Having a clear understanding of 'the way it was' will inform our decisions about how we want it to be.

Besides endorsing the project, let this letter serve to convey our intent to actually volunteer and participate with the project's implementation. We wish you success in this grant application, and, via this letter, urge the CT Trust to extend it every consideration.

Sincerely,

Laurel Lindstrom, President
