Re: Marshalls Plaza street trees

Dear Ms. Mobilia and Zoning Commissioners:

The Eastern Norwalk Neighborhood Association has been following the request by the owner of Marshall's Plaza to remove half of the trees fronting on Westport Avenue. This property is within the boundaries of our neighborhood association.

At our April board meeting our decision was to support the original zoning approval that requires the maintenance of the trees as they now stand.

The mission of the ENNA is to foster and preserve the residential character, natural and historic resources and quality of life in the eastern Norwalk community. The removal of the trees would negatively impact the streetscape and would be contrary to our mission.

We ask that you deny the request to remove the street trees.

Sincerely,

Laurel Lindstrom, President
